

NEW IMMUNISATION CLINIC

Gold Coast Health is trialing a new location for its free immunisation clinics.

We heard from you that there weren't enough free community immunisation services in the northern Gold Coast area to meet population growth. We have responded by setting up a trial clinic to provide free immunisation for families with children aged six weeks to 5 years.

Dates	11 April 9 May 13 June
Time	9 – 11am
Location	Coomera Springs Early Years Centre Old Coach Rd, Upper Coomera
