What We've Been Up to...

Are we the only ones questioning how in the world it's September?!

We've had a blast so far this September, and spent the first week of the month participating in plenty of fun activities for the beginning of Koala Month and also for Sea Week last week! We've made koala puppets, as well as jellyfish and starfish arts and crafts projects to hang around the room. We're still washing the glitter off our hands!

The children have followed on from our animal crafts this week as well, and have been using their imaginations to create bugs and beetles out of recycled egg cartons! We've also spent time making friendship bracelets for one another from our collection of pipe-cleaners and participating in group discussions about friendship and the way good friends should treat one another.

What's Coming Next...

As the Spring Holidays creep closer, we've been working hard to prepare for our very exciting Spring Holiday Club! Our theme this Spring is Superheroes, and whilst we'll be participating in plenty of activities, excursions, and incursions surrounding the stereotypical superhero, we'll also be spending time discussing "real-life" superheroes with the children — people like police officers, fire fighters, paramedics, teachers, farmers, and more!

We hope that you're all just as excited as we are, and please do remember to make your bookings in advance so you don't miss out!

Parent Reminders...

If your child will be attending the upcoming school disco, please be sure to notify us in advance so that we are able to make arrangements with the school for them to be collected from our room at the appropriate time.

Please also be aware that as Term 3 comes to a close, we will be requiring your support in updating and reviewing medical forms, extracurricular activity forms, etc in advance for Term 4.

THIS WEEK'S STUDENT SHOUT-OUTS:

1**TAJ LEWIS**

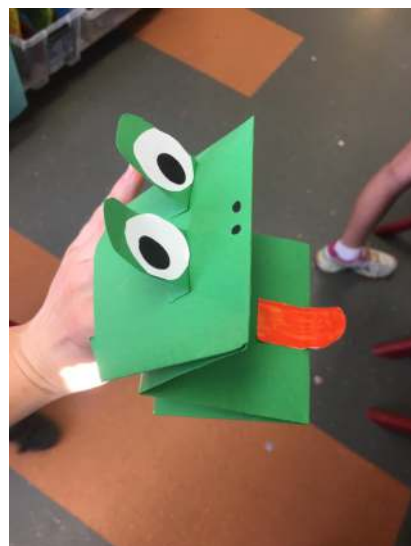

Thanks for making our days a
little bit brighter!

2**MITCHELL
BAKER-MUNCE**

We're consistently blown away by
your creativity & compassion!

3**DOMNIC JEFFREYS**

Happy Birthday!
We hope you had a blast!

"It takes a big HEART to help shape little MINDS."
